ACHC presents "Make your Accreditation Work for You." This DME workshop designed to help you prepare for ACHC Accreditation is perfect for renewing your accreditation or if you're just getting started. Tim Safley will guide you through the accreditation process and also show you that accreditation isn't just a requirement. It can help you improve your company, save you valuable time and money and give you a competitive edge. Accreditation forces you to closely examine all facets of your business to recognize the areas where you are doing well and also where you can be stronger. Is your accreditor working for you? If you are with another accrediting organization, we invite you to experience the ACHC difference and discover all the ways ACHC is working to add value to your accreditation.

LEARNING OBJECTIVES

- Get a first look at ACHC's new standards, specific to your services, to create a more customized, smoother accreditation process.
- Education on how ACHC Accreditation can help prepare you for various audits and how they affect the DMEPOS supplier.
- This workshop is perfect for renewals and new companies interested in preparing for ACHC Accreditation.
- While you're there, tell us what you want to learn and put ACHC to work for you!
