ACHC and Home Care Association of Florida Support Home Care Providers

Cary, NC- Accreditation Commission for Health Care (ACHC) announces the renewal of its partnership with Home Care Association of Florida (HCAF), a not-for-profit association dedicated to being the premier resource and advocate for Florida's home care providers.

"ACHC and HCAF share a commitment to providing members the educational information they need to deliver high-quality, cost-effective service to patients and clients in their homes," said Susan Mills, ACHC Associate Clinical Director. "The renewal of this partnership allows ACHC and HCAF to be the foremost resource for Florida's home care industry."

The partnership with ACHC also allows association members to continue receiving special discounts on ACHC Accreditation services for home health, hospice, and private duty programs. HCAF members also are eligible for discounts on ACHCU educational resources that can help them prepare for ACHC Accreditation.

The mission of HCAF is to serve as the voice of Florida home care providers through representation, communication, and advocacy, and to give them the information they need to deliver high-quality, cost-effective services to patients and clients in their homes.

Each year, HCAF hosts an annual conference and trade show featuring numerous educational sessions (with continuing education credits) that are presented by the nation's leading experts in home care. In addition to the annual conference, HCAF offers nearly 100 educational sessions each year to help members sharpen their skills and keep informed about new developments and best practices.
