ACHC and MNCHA Renew Commitment to Home Care Providers

Cary, NC - Accreditation Commission for Health Care (ACHC) announces the renewal of its partnership with Maryland-National Capital Homecare Association (MNCHA), a trade association that represents both nonprofit and for-profit healthcare providers in Maryland and Washington, D.C.

"Renewing our partnership with a dedicated organization like MNCHA is key for us at ACHC," said ACHC Business Development Manager Ryan Ragan. "MNCHA Executive Director Dawn Seek and her team go above and beyond advocating for their members and educating them on key issues like emergency preparedness."

The partnership renewal allows MNCHA and ACHC to continue working together to deliver the best resources to home health, hospice, private duty, and DMEPOS organizations and individual professionals. MNCHA members also are eligible for special pricing on ACHC Accreditation, as well as discounts on educational resources that help providers prepare for accreditation.

"We are very excited to have a new agreement partnership with ACHC that is of benefit to our membership and to the patients they serve," said Dawn Seek, Executive Director.

MNCHA advocates for legislation that improves the delivery of and appropriate funding for home care products or services. Membership in MNCHA gives home care providers a unique opportunity to collaborate, learn from peer-to-peer sessions, attend discounted expert trainings, and have access to federal regulatory and legislative information. MNCHA represents Medicare-certified home health agencies, private duty agencies and registries, and durable medical equipment businesses. For more information, visit www.mncha.org.
