ACHC releases updated 2009 Infusion Pharmacy Standards

Raleigh, NC - The Accreditation Commission for Health Care, Inc. (ACHC) has released updated 2009 Infusion Pharmacy Standards that are now available at no charge on ACHC's website, achc.org. ACHC was the first to develop specific accreditation standards for infusion pharmacy. Major changes in the 2009 standards relate to updates in the USP 797 regulations. These changes only affect Infusion Pharmacy providers- Retail Pharmacies applying for DMEPOS accreditation are not affected by these changes.

ACHC is a not-for-profit organization that has stood as a symbol of quality and excellence since 1986. Their quality management system is ISO 9001:2008 certified. Accreditation by ACHC reflects an organization's dedication and commitment to meeting standards that facilitate a higher level of performance and patient care. ACHC is the provider's choice for accreditation because of personal account managers, relevant and realistic standards, competitive pricing and a friendly, consultative approach to accreditation.
