FOR IMMEDIATE RELEASE: October, 2008

Amedisys is Accredited by ACHC

Raleigh, NC—The Accreditation Commission for Health Care, Inc. is pleased to announce that Amedisys, a leading provider of home health care and hospice services with agencies located across the United States and Puerto Rico, is now accredited by ACHC. Amedisys chose to seek accreditation from ACHC because the philosophies regarding outstanding commitment to patient care and maintaining the highest quality clinical standards are so closely aligned.

The Baton Rouge, LA based company was founded by Bill Borne in 1982. Mr. Borne is the Chief Executive Officer and Chairman of the Board. In 1994, the company became public and is listed on the Nasdaq Market under the symbol “AMED”. Amedisys operations focus on providing low-cost, outcome driven health care to homebound patients in homes through their 325 agencies.

The Accreditation Commission for Health Care, Inc. is an independent, private, not-for-profit 501 C (3) corporation established in 1986. The core programs include, but are not limited to, home health, pharmacy based programs, home medical equipment and hospice. In 2007, Inc. magazine ranked ACHC No 2,308 on its first-ever Inc. 5,000 list of the fastest-growing private entrepreneurial companies in the country.
