ACHC achieves re-certification of its Quality Management System to ISO 9001:2008

RALEIGH, NC- In April 2010, ACHC achieved re-certification of its Quality Management System to ISO 9001:2008. ACHC's site audit was conducted by DNV Certification Inc., a global provider of management system certification. While its registrar, DNV, performs a yearly site visit to ACHC to monitor compliance, the re-certification process entails a more comprehensive review of ACHC's processes and work systems.

Since its first audit in 2004, ACHC has maintained QMS certification to promote efficient and consistent processes to serve its customers. In addition, ISO principles provide guidelines to help ACHC understand and meet customer requirements, and to continually improve its processes.

ACHC is a not-for-profit organization that has stood as a symbol of quality and excellence since 1986. They are ISO 9001:2008 certified and have CMS Deeming Authority for Home Health, Hospice and DMEPOS. ACHC offers personal account managers, relevant and realistic standards, competitive pricing and a friendly, consultative approach to accreditation. Accreditation by ACHC reflects an organization's dedication and commitment to meeting standards that facilitate a higher level of performance and patient care.

For more information, or to download free accreditation standards, please visit ACHC.org, email customerservice@achc.org or call 919-785-1214.
