ACHC Announces Free Accreditation Standards

Raleigh, NC - The Accreditation Commission for Health Care, Inc. (ACHC) is pleased to announce that the Interpretive Guide for Accreditation Standards is now available at no charge. Providers can register for the guide on ACHC's website and will receive a unique username and password. Upon registration, they will receive access to the standards and other helpful accreditation tools. The provider will also have access to a personal Account Manager to assist them if they have any questions about the accreditation process. The guide, previously \$300, is available at achc.org in the ACHC Store.

ACHC is a not-for-profit organization that has stood as a symbol of quality and excellence since 1986. Accreditation by ACHC reflects an organization's dedication and commitment to meeting standards that facilitate a higher level of performance and patient care. ACHC is the provider's choice for accreditation because of personal account managers, relevant and realistic standards, competitive pricing and a friendly, consultative approach to accreditation.
