RALEIGH, NC- Accreditation Commission for Health Care Celebrates its Groundbreaking

Accreditation Commission for Health Care (ACHC) is pleased to announce the formal groundbreaking of its new headquarters on Thursday, October 27th. The ceremony will take place at 139 Weston Oaks Court Cary, NC. The 30,000 square foot building is set to be completed in late 2012 and will offer additional space and resources for continued growth and future expansion.

Cindy Brammer, Operations Administrator for ACHC said, "We are excited about this new, two-story office building which will include a large training and educational space for our surveyors, a wellness/fitness facility, and a collaborative central gathering place for both staff and guests. More importantly, the new building represents ACHC's continued growth and sustainability and for our valued customers, this is important." Brammer goes on to say, "During this exciting time, we recognize that our new building is a symbol of our unrelenting commitment and dedication to serve our customers, to be able to meet all their needs, and to deliver the best in service from the first phone call to the day that their accreditation certificate goes up on the wall. The entire staff is thrilled to call this new building home as ACHC continues to grow and inspire excellence in the healthcare industry."
