ACHC and Trellis Rx Partner to Expand Specialty Pharmacy Services

Cary, NC – Accreditation Commission for Health Care (ACHC) announces its partnership with Trellis Rx, a leading technology-enabled specialty pharmacy service provider. Through this collaboration, ACHC and Trellis Rx will offer a dynamic array of health system services tailored for enhancing patient care and operational performance in the expanding specialty pharmacy market.

“Our partnership with Trellis Rx allows us to broaden our capabilities to meet the specific needs of health systems that seek specialty pharmacy accreditation services,” said Matt Hughes, ACHC Director of Business Development. “Both ACHC and Trellis Rx are dedicated to helping health systems address challenges as interest in specialty pharmacy services continues to grow. This collaboration further enhances our commitment to assist health systems in ensuring high-quality care and patient safety.”

Trellis Rx provides its health system partners with the specialty pharmacy expertise, talent, technology, and working capital needed to launch or scale an in-house specialty pharmacy program. As part of its comprehensive services, Trellis Rx also funds and supports the accreditation process for health systems. The partnership with ACHC provides Trellis Rx preferred pricing on ACHC Specialty Pharmacy Accreditation services and discounts on ACHCU educational resources, which aids in preparing for accreditation.

“ACHC and Trellis Rx share a strong commitment to improving outcomes and creating a better experience for patients who depend on specialty therapies,” said Andy Maurer, Co-Founder and Chief Executive Officer of Trellis Rx. “Our partnership will enable more health systems across the country to build and grow specialty pharmacy programs that exceed ACHC’s rigorous standards for quality, operational excellence and safety.”

As a recognized leader in pharmacy compliance, ACHC offers a broad suite of pharmacy compliance solutions, including accreditation programs for Specialty, Infusion, Long-Term Care, and Sterile/Non-Sterile Compounding services. Companies seeking to distinguish themselves within the pharmacy market also can obtain distinctions from ACHC, including Oncology, Infectious Disease Specific to HIV, and Hazardous Drug Handling.

About Trellis Rx

Trellis Rx empowers health systems to change the way patients experience specialty medication therapy. It is the only organization that partners with health systems to eliminate the risk of building and expanding on-site clinic-based specialty pharmacy services for their patients. Trellis Rx’s clinical care model embeds pharmacists with advanced training and pharmacy liaisons directly into health system’s specialty clinics. Its fully integrated, local approach ensures patients with chronic and complex conditions receive the personalized, high-touch pharmacy care required to support adherence to treatment plans and improve clinical outcomes.

About ACHC

ACHC is a nonprofit accreditation organization that has stood as a symbol of quality and excellence since 1986. The organization has CMS deeming authority for Home Health, Hospice, Renal Dialysis, and DMEPOS, in addition to a Quality Management System that is certified to ISO 9001:2015. ACHC is the provider’s choice for accreditation because of its personal Account Advisors, relevant and realistic standards, competitive pricing, and a friendly, educational approach to accreditation. Accreditation by ACHC reflects an organization’s dedication and commitment to meeting standards that facilitate a higher level of performance and patient care. For more information on ACHC Accreditation programs, or to download ACHC Accreditation Standards, please visit www.achc.org, email customerservice@achc.org or call (855) 937-2242.
