- Referral log or evidence of referrals not admitted

- Client/patient education materials
The client/patient or client’s/patient’s representative shall receive a copy of the plan of care and any revisions to the plan of care.

Prior to referring or placing a home health aide in a home care setting, the agency shall assure that a licensed Registered Nurse (RN) evaluates the client’s/patient’s needs and establishes, in writing, a plan of care. The RN preparing the plan of care shall sign it and indicate thereon his or her license designation.

An agency shall make referrals or placements consistent with the level of care indicated in the plan of care.

For NJ Medicaid clients:
Homemaker-home health aide and personal care assistant services shall be provided by the agency in accordance with the plan of care.

- The aide shall arrive and leave each day as scheduled by the agency.
- The same aide shall be assigned on a regular basis, with the intent of assuring continuity of care for the beneficiary, unless there are unusual documented circumstances, such as a difficult beneficiary/caregiver relationship, difficult location, or personal reasons of aide or beneficiary/caregiver.
NJ Specifics

• Services shall be within the scope of practice of personnel assigned.
• Appropriate training and orientation shall be provided by licensed personnel to assure the delivery of required services.
• The aide shall provide appropriate services as reflected in the plan of care and identified on the assignment sheet.
  ▪ The healthcare practitioner supervisor must review the plan of care at least every 30 days and be revised accordingly (can be via phone call).
  ▪ The healthcare practitioner supervisor must make an on-site, in-home evaluation and review of the plan of care at least every 60 days.*

*Temporary rule waiver during state declared PHE
NJ Specifics

- The duties of the registered professional nurse in the PCA program are as follows:
  - Direct supervision of the personal care assistant shall be provided by a registered nurse at a minimum of one visit every 60 days, initiated within 48 hours of the start of service, at the beneficiary's place of residence during the personal care assistant's assigned time. The purpose of the supervision is to evaluate the personal care assistant's performance and to determine that the plan of care has been properly implemented. At this time, appropriate revisions to the plan of care shall be made. Additional supervisory visits shall be made as the situation warrants, such as a new PCA or in response to the physical or other needs of the beneficiary.
  - A personal care assistant nursing reassessment visit shall be provided at least once every six months, or more frequently if the beneficiary's condition warrants, to re-evaluate the beneficiary's need for continued care.
