

# Set Up 2023's Compliance Education in 2022

# Now is a Great Time to Get Your Compliance Education Scheduled

Be Compliant with HealthTrainU™.

Let HealthTrainU solve your compliance needs for maintaining accreditation, and certification or licensing.

You are in control of the HealthTrainU platform. You make the decisions regarding your employee education.

# What is HealthTrainU?

HealthTrainU is a product of ACHCU.

ACHCU is the educational division of Accreditation Commission for Health Care (ACHC).

ACHC is dedicated to delivering the best possible experience and to partnering with organizations and healthcare professionals that seek accreditation. Learn more at [achc.org](http://achc.org).

# Compliance Education: Set It ...and... Forget It. HealthTrainU's LMS Makes It Easy!

# Education through HealthTrainU

HealthTrainU is a learning management system (LMS).

A LMS is “a software application or web-based technology used to plan, implement, and assess a specific learning process.”<sup>1</sup>

HealthTrainU has other automated functionality built into the system to keep your employees on track.

1. <https://searchcio.techtarget.com/definition/learning-management-system>

# What is HealthTrainU?

HealthTrainU is a one-stop, online, educational resource for healthcare providers like you.

We can show you how easy it is to stay on top of mandated coursework to meet OIG, OSHA, organizational, licensing, and accreditation requirements with this intuitive LMS.

The screenshot shows the HealthTrainU website homepage. At the top is a dark blue navigation bar with the HealthTrainU logo and links for Home, About, Education, Pricing, Survey, HR-Trak, Contact, and Login. The main content area features a large white banner with the text "Manage. Train. Comply. Learning management made simple." and a sub-headline "HealthTrainU™ allows you to manage your employees' education requirements for compliance, accreditation, and licensure." To the right of this text is a graphic of a laptop, a smartphone, a pencil, and a play button. Below the banner is a row of four blue buttons: "Learn About ..." (with a play button icon), "View Courses" (with a book icon), "Competitive Pricing" (with a dollar sign icon), and "Contact Us" (with a phone icon). At the bottom, there is a section titled "HealthTrainU™ for Managers" with a sub-headline "HealthTrainU saves you time and money while providing mandatory education to your staff. The system allows you to:" and a photograph of a person's hand on a wheelchair.

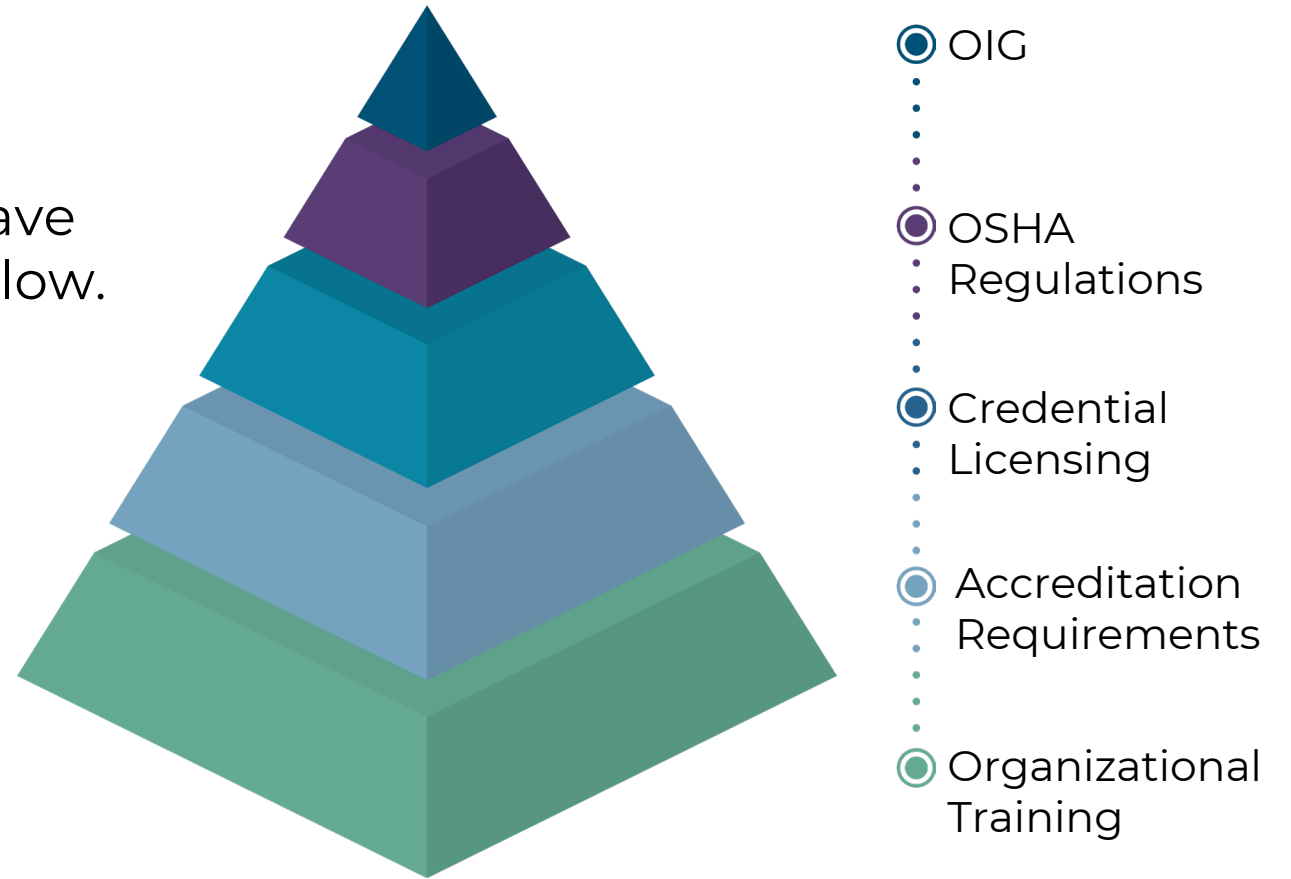

# Why HealthTrainU?

## COMPLIANCE MADE EASY...

*Be compliant – stay compliant.*

Regulatory organizations and agencies have different educational criteria for you to follow. HealthTrainU makes it easy to manage.

Remember the OIG's directive (from The Federal Register): One of the seven elements of an effective compliance program – *“Conducting Effective Training and Education.”*

# Why HealthTrainU?

COURSEWORK BY THE INDUSTRY, FOR THE INDUSTRY.

HealthTrainU coursework is developed by industry professionals with the adult learner in mind.

With over 240 courses specific to the healthcare industry, and additional compliance courses, you'll have the educational resources necessary for your employee's unique education requirements.

The screenshot shows the HealthTrainU website interface. At the top is a navigation menu with links for Home, About, Education, Pricing, Survey, HR-Trak, Contact, and Login. Below the menu is a header image of an open book with the word 'Courses' centered over it. The main content area features a heading: 'HealthTrainU™ offers personalized courses for all industry professionals.' This is followed by a paragraph stating that every course stands alone and awards a certificate upon successful completion (80% or better). Another paragraph notes that while HealthTrainU is an IACET Accredited Provider, some courses are also approved by other agencies. A small asterisked note explains that 'Pre-ATP' means RESNA will accept the course for credit prior to the ATP exam, and 'RA' means RESNA has accepted the course for post-ATP credit. A link is provided for a printable list of courses, and a note indicates that red double asterisks (\*\*\*) signify ACHC Standard references. At the bottom, there are several expandable course category lists: 'HOME HEALTH (Approved by the Virginia Nurses Association)' with sub-items 'HH 162 DMEPOS Product/Supply Selection: Information for Home Health Providers\*' and 'HH 174 Concepts in Palliative Care for Home Health Aides', and 'MANAGEMENT IN THE HME INDUSTRY', 'ORTHOTICS', and 'PROFESSIONAL/PERSONAL DEVELOPMENT'. A footer note suggests a completion time of 1 contact hour and CEUs.

# Why HealthTrainU?

CUSTOMIZABLE, FLEXIBLE, YOURS.

HealthTrainU allows you to easily customize your approach to education.

Select one of our preloaded Mastery Programs or create your own to meet your specific needs.

HealthTrainU has the flexibility you need to create your own compliance or positional educational plan.

The screenshot shows the HealthTrainU website interface. At the top is a dark blue navigation bar with the HealthTrainU logo and menu items: Home, About, Education (with a dropdown arrow), Pricing, Survey, HR-Trak, Contact, and a Login link. Below the navigation bar is a large banner featuring a target graphic with several arrows hitting the bullseye. The text 'HealthTrainU™ Mastery Programs' is centered over the target. Below the banner, the main content area has a sub-header: 'HealthTrainU™ Mastery Programs offer in-depth, on-point training'. This is followed by two paragraphs of text explaining the nature of the programs and the inclusion of CORE courses. A final paragraph at the bottom of the content area provides a disclaimer that the list is abbreviated and that all programs have a specific focus.

HealthTrainU™ Mastery Programs offer in-depth, on-point training

Mastery Programs are a compilation of courses that have been developed to take the time and guesswork out of selecting appropriate courses. Each Mastery Program is tailored to your company's focus in DME/HME, rehab, respiratory, or a comprehensive program with all.

Inside each Mastery Program is a list of **Continuing Organization Required Education (CORE)** courses that provide a fundamental education of the HME/DME industry. This is the basis for all other content within the Mastery Program. The remainder of the Mastery Program is exactly that, mastery in the foundational skills needed for the staff positions that are the focus of your company. You can take advantage of the courses we have available, or you now have the ability to create your own.

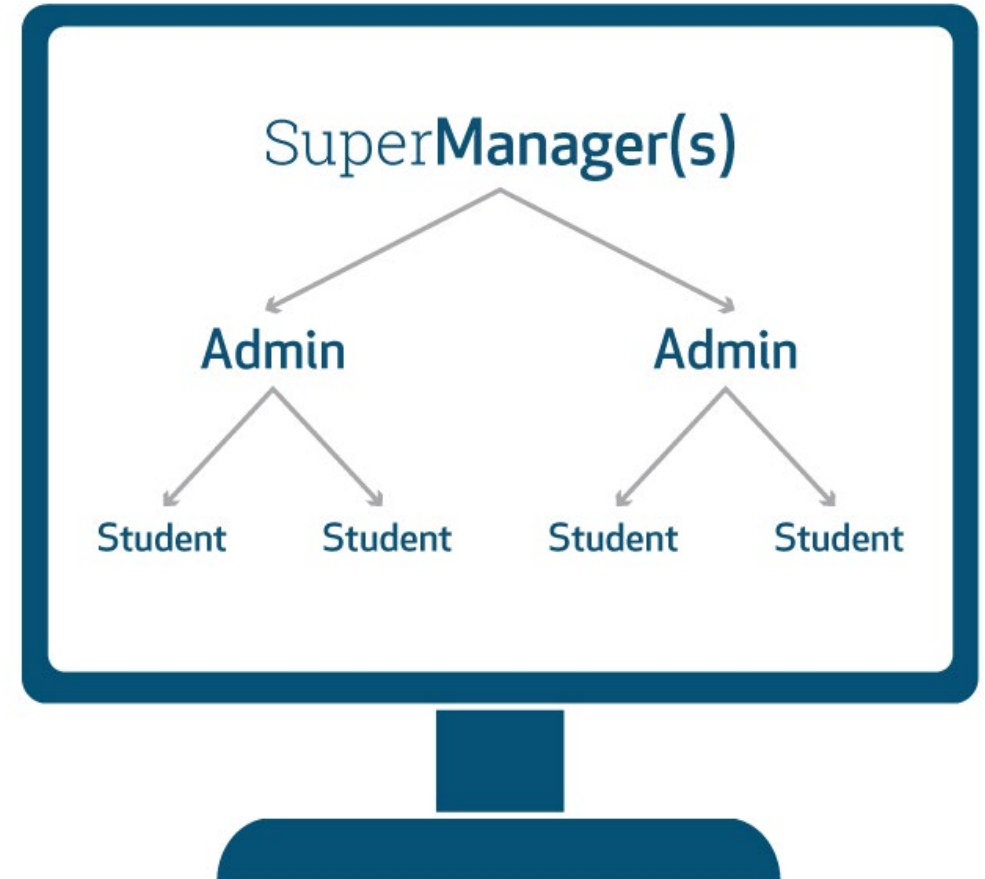

This is a very abbreviated list of just some of the Mastery Programs pre-loaded in the HealthTrainU™ system.  
(\* All Mastery Programs based on positions have a Rehab focus, Respiratory focus, or include both focuses)

# Why HealthTrainU?

## EASY TO MANAGE COMPLIANCE

- HealthTrainU has 3 levels of hierarchy:
  - SuperManager
  - Admin
  - Student
- SuperManager can be your:
  - HR Department

# Why HealthTrainU?

## EASY TO SET UP

- HealthTrainU was created to be intuitive for your Students and Admins.
- All links and controls are clearly labeled so your staff has a quick learning curve.
- The system automatically creates a login and once your student creates a password, they are in the system and ready to start their course or Mastery Program.
- Preselect “Due Date” email reminders to keep your employees active in the system.

Enrollments

Mike McKillip, Accreditation Commission for Health Care, Inc. (ACHC)
